# *We are **people** who want to do something about **MS** now.*

## ABOUT MS

Multiple sclerosis interrupts the flow of information from the brain to the body and stops people from moving. Every hour in the United States, someone is newly diagnosed with MS, an unpredictable, often disabling disease of the central nervous system. Symptoms range from numbness and tingling to blindness and paralysis. The progress, severity and specific symptoms of MS in any one person cannot yet be predicted, but advances in research and treatment are moving us closer to a world free of MS. Most people with MS are diagnosed between the ages of 20 and 50, with more than twice as many women as men being diagnosed with the disease. MS affects more than 400,000 people in the U.S., and 2.5 million worldwide.

## ABOUT THE NATIONAL MS SOCIETY

The National MS Society helps people affected by MS by funding cutting-edge research, driving change through advocacy, facilitating professional education, and providing programs and services designed to help people with MS and their families move their lives forward.

Early and ongoing treatment with an FDA-approved therapy can make a difference for people with multiple sclerosis. Learn about your options by talking to your health care professional and contacting the National MS Society at [nationalMSSociety.org](http://nationalMSSociety.org) or 800.344.4867.

# *Where does the **money** go?*

## CHAPTER PROGRAM & RESEARCH HIGHLIGHTS

You provide hope for people affected by MS. Every mile you ride and every dollar you raise brings us closer to a cure for MS and helps fund research plus provide local programs to those living with multiple sclerosis. Programs include financial assistance, college scholarships, information and referral, physical therapy and exercise classes, professional and community education, seminars, family social events, advocacy, workshops and support groups, and a lending library.

## CHAPTER FINANCIAL INFORMATION

We are proud to say that 82 cents of every dollar raised goes right back into programs, services and research for treatments and to find a cure. We are also proud to be putting your fundraising dollars to good use and making a difference in the lives of people affected by MS!

# *Moving together: Three simple steps to starting a team*

AS PART OF THE MS MOVEMENT, YOU AND YOUR TEAM ARE COMMITTED TO A WORLD FREE OF MS. WE'RE COMMITTED TO YOU AND THE SUCCESS OF YOUR TEAM.

## RECRUITING

Team members can be anybody — friends, family, co-workers, or neighbors — and they can all easily register to join you online at [bikeMSutah.org](https://bikeMSutah.org). Whether you're a corporate team or a team of family and friends, be sure to ask everyone you know.

## RAISING MONEY

Fundraising comes more naturally when you make it personal. If your team is cycling for someone with MS, ask them if they would be willing to tell their story. Be sure to follow that with a statement about how much progress we've made in treating the disease.

Don't forget to ask everyone who sponsors you if their employer offers matching gifts!

## REALLY HAVING FUN

Being a team captain is an opportunity to share a great experience with friends, family members, or coworkers — a community coming together for a common goal and the accomplishment of a unique personal challenge! As a leader, it's up to you to remind your teammates of why they registered. Bike MS can be more than a fundraising event — it can be a joyous celebration of how far we've come together!

## SIMPLE STEPS TO ONLINE SUCCESS

### SET UP YOUR TEAM PAGE

Your team page is your invitation to become involved in the MS movement. We're here to help you reach your goals. Please let us know how we can help! By setting up a team page, you are setting up your team for success. Here are a few hints to help make your page one to remember:

- Make it personal: Put in a picture of you or your team. Write the story of your team and how you are training and fundraising. While there is sample text available, nothing is more compelling than your own words.
- Change it often: Keep your page current to generate interest. Provide updates on how your training is going or how close you are to your goal.
- Create your team page URL shortcut: By doing this you will be able to easily direct people directly to your team page. Put a link to your fundraising page in the signature of your e-mail.

### RECRUIT MEMBERS ONLINE

No need to collect paper or spend hours on the phone. Your team members can quickly and easily register themselves online. Have people join your team from your team page, or use the participant center tools to send a team registration link via e-mail. You can also download your Outlook contact list into the tool. (This tool also can help you to track when e-mails have been opened by a recipient.)

### FUNDRAISE ONLINE

Now for the fun part! After you send your personalized e-mail to all your friends, family members and colleagues, you can watch your up-to-the-minute fundraising tracker. Our online tools make it simple for your supporters to donate online to keep you moving toward your fundraising goals and a world free of MS.

### ENCOURAGE TEAM MEMBERS TO USE THEIR ONLINE PERSONAL PAGES

Once you see what the tools can do for you, encourage your team members to follow your lead. Make it fun by giving incentives to your team members to fundraise online — a pair of movie tickets to the team member that raises the most in a week, or a gift card to every team member who gets at least five gifts online. Be creative and ensure that your team not only reaches their goals, but has fun along the way.

### SOCIAL NETWORKING

Create a Facebook fanpage for your team. You can also post tweets on Twitter for your group and videos on YouTube.

# *Who has the most Team Spirit?*

ESTABLISHING A GOAL IS AN EASY WAY TO MAINTAIN MOTIVATION AS WELL AS GIVE YOU AND YOUR TEAM A BENCHMARK FOR SUCCESS. WE ENCOURAGE TEAM CAPTAINS TO SET GOALS FOR THEMSELVES AND THEIR TEAMS, WHILE KEEPING THESE TIPS IN MIND.

## TIPS FOR TEAM SPIRIT

- Goals should be realistic, but significant: If it requires hard work to attain, it will be a source of more pride for your team.
  - Don't arbitrarily set a goal without input from the team: Having them believe in the goal from the word "go" will make your job as team captain that much easier.
  - Don't forget to set both personal & team fundraising goals: Lead by example. Share your fundraising goal with your team.
  - Set a goal for team size as well as collective fundraising: Recruiting more team members can mean more substantial fundraising!
  - Don't keep your goal a secret: Use e-mail, team pages, and even internal company intranets and newsletters to communicate goals — and how close your team is to attaining them.
  - Large Corporate Teams: If you are part of a large corporate team, have departments set their own goals to create some fun internal competition.
- If you would like more suggestions and guidelines for goal setting, or would like to request goal setting worksheets, please contact Sam Smith at [sam.smith@nmss.org](mailto:sam.smith@nmss.org) or call 801.424.0112.

# *Safety starts with You!*

CYCLISTS NEED TO POSSESS BASIC BIKE-HANDLING SKILLS AND SAFETY KNOWLEDGE IN ORDER TO KEEP THEMSELVES AND OTHERS AROUND THEM SAFE, ESPECIALLY WHILE PARTICIPATING IN GROUP CYCLING ACTIVITIES, LIKE BIKE MS. OUR FOCUS IS TO PROVIDE A HIGH QUALITY, SAFE AND FUN CYCLING EXPERIENCE .

As a Team Captain, part of your role is to educate team members about cycling etiquette and safety. The tips here are a great start, but please review the Bike MS Training Guide as well as share tips weekly. You can also use the Bonneville Cycling Club, the official training club of Bike MS, as a great resource.

## PLEASE REMEMBER TO ALWAYS CARRY

- Identification
- Emergency contact information
- Insurance Card
- Any important health information

\* Headphones (including iPods), cell phones, radios and similar devices are not permitted while riding.

All cyclists are responsible for keeping their riding equipment in good working order, so get into the habit of checking your equipment before every ride. Small adjustments can make a significant difference in your experience.

## THE BASICS OF RIDING IN A GROUP

Group riding takes practice. Riding with other cyclists all around you may cause you to feel trapped. Relax. It is most important to create your own safety zone. This may vary depending on the speed and ability level of the people you are with, so be flexible. Let others know of your anxiety — they may also be new at this.

## HYDRATION

Knowing how to optimize your fluid intake is critical to successfully completing a Bike MS Ride.

- One bottle per hour: The rule of thumb is to consume a bottle of liquid every hour, and that every second bottle is a sports drink. Also, remember to eat small snacks frequently during the ride. If you find that you experience extreme fatigue, the inability to recover your energy, or frequent muscle cramps, seek assistance from first aid — you may have the early signs of dehydration.
- Seeking medical assistance: If you find that you experience weight gain/bloating with progressive symptoms such as swollen hands and feet, confusion, throbbing headache, dizziness or nausea, please seek assistance from first aid.

## HELMET SMART

Head injuries are of special concern for cyclists. Even falling at a slow rate of speed can cause a serious head injury. Helmets must be on your head and strapped while riding in Bike MS — no exceptions.

## TEAM JERSEYS

Another great way to show your team spirit is to wear custom designed team jerseys. We are proud to have Blackbottoms as the official jersey of Bike MS. As a part of their commitment to the National MS Society, Blackbottoms will donate 10% of your custom apparel order back to your teams' fundraising account! Visit <http://www.blackbottoms.com>.

## HELPFUL TIPS

On Bike MS Rides, our active route support team works to make the ride safe. Here are a few additional suggestions to help keep everyone safe on the ride:

- Thumbs down for help: SAG vehicles and motorcycle escorts will stop for you if you are off the road, off your bike, and giving a “thumbs down” sign or holding your helmet in the air.
- Ride Marshal support: A special team of cyclists called Ride Marshals provide support on the rides. They offer minor mechanical help along the route and monitor cycling safety and etiquette.
- Rest-stop etiquette: All cyclists who enter a rest area must pull over, dismount and move completely away from the road and rest-stop entrance. When exiting, move beyond the rest area and proceed with caution on the right side of the road before merging with faster cyclists.
- Passing: Passing others and being passed occurs continuously during the ride. Call out “passing on your left” and allow time for the cyclist being overtaken to move to the right — then pass safely.
- Mechanical problems: Examine mechanical problems and change flats completely off the road. If you have a problem you cannot fix yourself, flag down a SAG van and seek a mechanic at the next rest-stop.
- Be courteous: Bike MS participants are fortunate to ride on many trails as well as public roads. Be courteous and use no more than half the trail so as not to block the flow of other users.
